

## Sponsors

The organisers of the Auckland International Boat Show 08 would also like to recognise this years sponsors for their support. Big thanks to Boating NZ, Total Floating Systems, Viaduct Harbour, IFBSO, Ford, Line 7, International Maritime Organisation, Auckland City Council and Sunday Star Times.

## Breakdown

Please remember that, as laid out in the conditions of the show, only boats in the marina and selected power boats will be able to depart on Sunday after the show closes at 6pm. NO EXHIBITS from PAVILIONS 1, 2, 3, 4, 5 OR 6 may be removed from the show on Sunday. This is obviously an important security issue, designed to ensure all exhibitors products and displays remain safe. The co-operation of all exhibitors would be appreciated.

Thanks also to the on-water exhibitors for their patience and good seamanship skills during the build up.

## Yacht Vision

The Yacht Vision '08 Symposium is held from March 5th – 9th concurrently with the Auckland International Boat Show. This symposium event provides a variety of industry guests, media and international media the chance to share ideas and concepts with each other and gain first hand knowledge and understanding from our worthy colleagues, mentors and champions of the industry. We welcome Yacht Vision guests to this year's special 10 year Auckland International Boat Show event.

Auckland International Boat Show Fashion Show.

## Media

The Auckland International Boat Show is firmly established as the largest on water boat show in New Zealand and is growing in stature across the international Marine Industry. The ten year anniversary has certainly excited the attention of media; both national and international within marine and mainstream news. The renowned four day show continues to be recognised by and accepted as a member of the International Federation of Boat Show Organisers (IFBSO). Once again Auckland City Council is promoting the show as one of their major annual events.

## Highlights

There is no better location than the prestigious Viaduct Harbour with it's purpose-built boat show marina to host what is already a bumper display of marine vessels and related products for the 10 year celebration. This year, to accommodate the ever-growing demand for exhibitor space, the organisers have expanded this year's show to include the original Team New Zealand Americas Cup shed. The introduction of a daily Fashion Show is another new feature at the 2008 Auckland International Boat Show. The Fashion Show featuring the gorgeous August Models takes place at 1pm each day and includes labels Line 7, Chapel Design, Musto, Gear Locker, Polly Pratt Women's, and Moon Tide. Be there for your chance to win some great prizes! Proudly bought to you by the Sunday Star Times and supported by [www.fashionz.co.nz](http://www.fashionz.co.nz), Good Water, Mitre 10, Matesuleum Rum, Neville Newcomb.
