

THE RADAR

ON

1 CHIC AND COMPACT

Check out Sony's hot new Cyber-shot T-10 camera in tres cool shell pink. It's perfect for glamorous parties, slipping into any compact purse. Plus, its double anti-blur technology means you can guzzle and snap away!

2 CLUB TROPICANA

Iconic 80s tipple pina colada. It's this year's mojito.

3 THE NEW SINGLES PARTY

The cooking class. Bonding over good food and wine has never been sexier.

4 SAYING WHAT YOU THINK

Sincerity is the new embellishing for effect.

5 FRENCH POLISH

Have an entente cordiale – a romantic picnic of crusty bread, French brie and a bottle of Huntaway Reserve Voignier in a daffodil-filled park.

OFF

1 DESIGNER DO-GOODERS

Another designer T-shirt, another charity. Great idea the first time, but think of something new and original now as a fundraising initiative.

2 IPOD ADDICTS

iPod, therefore I am. iPod user overload. Are iPods more addictive than cocaine? Should drug dealers be diversifying?

3 FURKIDS

Four-legged pampered dogs with designer wardrobes (jewellery, clothes, coats, hats and booties) and masquerading as babies. Come on, they're dogs.

4 DEPRESSION, THE MUST-HAVE DISEASE

Self-absorbed celebrities who all too quickly claim depression in "tell-all interviews" to cover up appalling behaviour and to rebrand themselves. It's a disgrace. They need to be outed.
